Asesinos Seriales: Reestructurado. Lic. Brian Escobar Baltazar, 2022-10-12 Han transcurrido dos largos años desde la creación de la primera versión de este libro (siete años desde que comenzó a escribirse) y hemos avanzado muy poco en cuanto a las investigaciones científicas sobre el tema más interesante sobre delitos. Los asesinos en serie han formado una cultura de temor y un interés sobre estudio; varias áreas de las ciencias y disciplinas (incluso el arte) han tomado el tema y han intentado introducir su opinión en este. Los asesinos seriales requieren un estudio a profundidad, con mucha teoría y técnicas de investigación. La idea libro nació precisamente de esa preocupación, ¿realmente sabemos todo sobre este tema? ¿El humano es malo por naturaleza o es la sociedad el que lo corrompe? Quizá, solo los expertos en las áreas criminológicas y del pensamiento criminal logren responder a esto.

Deadly Women Volume 5 Robert Keller, 2018-11-12 18 Shocking True Crime Cases of Women Who Kill, including Darlene Gentry: A beautiful woman with a shopping obsession; a husband who could no longer foot the bill; a 22-caliber solution to the problem. Angelina Rodriguez: Frank Rodriguez is dead and, despite indications to the contrary, his wife insists its murder. Why would she do that when it makes her the main suspect? Mary Pearcey: The murders were so gruesome that some believed they were the work of Jack the Ripper. Could a woman really have done this? Valerie Parashumti & Jessica Stasinowsky: A young lesbian couple obsessed with murder; a 16-year-old runaway who needs a place to stay.

The Little Old Lady Killer Susana Vargas Cervantes, 2019-08-20 The surprising true story of Mexico’s hunt, arrest, and conviction of its first female serial killer For three years, amid widespread public outrage, police in Mexico City struggled to uncover the identity of the killer responsible for the ghastly deaths of forty elderly women, many of whom had been strangled in their homes with a stethoscope by someone posing as a government nurse. When Juana Barraza Samperio, a female professional wrestler known as la Dama del Silencio (the Lady of Silence), was arrested—and eventually sentenced to 759 years in prison—for her crimes as the Mataviejitas (the little old lady killer), her case disrupted traditional narratives about gender, criminality, and victimhood in the popular and criminological imagination. Marshaling ten years of research, and one of the only interviews that Juana Barraza Samperio has given while in prison, Susana Vargas Cervantes deconstructs this uniquely provocative story. She focuses, in particular, on the complex, gendered aspects of the case, asking: Who is a killer? Barraza—with her “manly” features and strength, her career as a masked wrestler in lucha libre, and her violent crimes—is presented, here, as a study in gender deviance, a disruption of what scholars call mexicanidad, or the masculine notion of what it means to be Mexican. Cervantes also challenges our conception of victimhood—specifically, who “counts” as a victim. The Little Old Lady Killer presents a fascinating analysis of what serial killing—often considered “killing for the pleasure of killing”—represents to us.

36 True Crime Stories of Murder & Mayhem

Readers love this series - More than 2,000 five-star reviews on Amazon and Goodreads. Volumes 4, 5, and 6 of the True Crime Case Histories Series (2021)

A quick word of warning. The true crime short stories within this three book collection are unimaginably gruesome. Most news articles and television true crime shows skim over the vile details of truly horrible crimes. In my books I don’t gloss over the facts, regardless of how disgusting they may be. I try to give my readers a clear and accurate description on just how demented the killers really were. I do my best not to leave anything out. The stories included in these books are not for the squeamish.

What you are about to read are Volumes 4, 5, and 6 of the True Crimes Case Histories Series. The stories in this collection will make you realize just how fragile the human mind can be. A sampling of the 36 stories include:

- The Darlington Cannibal: The story of a young English man that had plans to become the UK's most notorious serial killer, but couldn't keep his mouth shut after his first kill and bragged to over twenty of his friends.
- The Carnival Cult: A group of four young men who believed they could do anything they wanted because their lord Satan protected them. Satan apparently couldn't protect them from prison.
- Dead in the Water: A father of eight children lured women to his boat, raped them, and threw them overboard.
- Ingenious forensic science was eventually used to catch the killer.
- Consumed by Desire: One story of a young man that couldn't handle being rejected by his teenage girlfriend was suggested to me by a reader whose daughter had a close-call with the killer.
- The Crossbow Killer: A young, intelligent man that would rather kill his entire family with a crossbow than tell his girlfriend that he had been lying to her.
- Divine Justice: A young girl that ran away from her Seattle home in the 1970s. For thirty years, her parents believed she was a victim of Ted Bundy, until the real killer was finally caught.
- The Broomstick Killer: The Texas Penal System failed to protect the people of Texas by releasing a brutal killer of three teenagers. As a result he killed as many as eleven more women.
- Body in the Bag: A young man obsessed with the macabre listened to the voices in his head when his teenage girlfriend dumped him.
- Authorities found her eight weeks later stuffed inside a duffel bag.
- The Copper Gulch Killer: A sixteen-year-old prodigy child is found with five gunshots from three different guns, but police are convinced there was only one killer.
- Ten years later crime scene evidence is found in an abandoned storage locker.
- Zack and Addie: A young New Orleans couple are featured in the New York Times when they refused to leave their French Quarter home during Hurricane Katrina. One year later they're both dead with body parts found on the stove and in the fridge.
- The Incest Killer: Katie Fusco learned she she was adopted when she was eighteen. Within a year she was married to her biological father and pregnant with his child. When authorities force them apart, everybody dies.
- The Kicevo Monster: The story of the newspaper reporter that kidnapped, tortured, and butchered women that resembled his mother, then wrote stories of the killings in his newspaper articles. Plus 21 more truly
disturbing true crime stories.

**Colección de Asesinos Seriales y Psicópatas Vol 1.** Blake Aguilar, 2021-06-25 ¿Te has preguntado quienes son los seres humanos más despiadados de toda la historia? ¿Quiénes han cometido los actos más crueles e innombrables hacia otros seres humanos? ¿Qué es lo que los convierte en monstruos capaces de cometer violentos crímenes? Entonces sigue leyendo.. “Estoy seguro que a cualquiera le gusta un buen crimen, siempre que no sea la victima.” — Alfred Hitchcock No siempre hemos sabido cómo hablar de los criminales que ahora clasificamos como asesinos en serie. Hasta las últimas décadas, ni siquiera nos dábamos cuenta de que era necesaria una categoría separada para estos violentos criminales. Lo cierto es que, durante siglos, los asesinos en serie han dejado que la pura barbarie de sus actos hablen por ellos. Incluso si hubiéramos sabido cómo nombrar y hablar de estos depredadores, nada de lo que hubiéramos dicho sobre ellos -independientemente de la fuerza moral o intelectual de nuestros pronunciamientos- nos habría dado el poder de prevenir sus crímenes. En este libro descubrirás: -Historias escalofriantes de los asesinos seriales más infames de todos los tiempos. -Las mujeres que han cometido actos atroces. -Características en común que comparten los asesinos en serie. -Las diferentes maneras que utilizan para acercarse a sus presas. -Las experiencias que llevan a las personas a la psicopatía. -Y mucho más.. Tal vez la intensa fascinación que despiertan los asesinos en serie tenga que ver con que asumen el papel de monstruos de la sociedad, con que sus actos primarios de matanza aplanan a los monstruos que ya existen en nuestras imaginaciones. Miles de asesinos en serie han vivido entre nosotros, y eso puede ser emocionante de una manera aterrador. Una luz dura dirigida a algunos de los asesinos que vagaron por este recinto de la maldad humana iluminará sus mentes y métodos, dará testimonio del terrible sufrimiento de sus víctimas y ofrecerá al lector cualquier medida de protección que la información pueda proporcionar. No lo pienses más y explora hoy mismo los casos más impactantes de la historia. ¡Haz clic en comprar ya y descubre quiénes son estos temibles personajes!

**Verdad frente a falsedad** David R. Hawkins, La crisis de credibilidad, el desprestigio y especialmente la corrupción azotan a múltiples instituciones y estamentos de nuestra sociedad. En el marco de esta situación, la ambición del doctor Hawkins —diferenciar entre verdad y falsedad— no puede resultar más oportuna. Según el propio autor, esta confusión entre verdad y falsedad solo se debe a la propia estructura de la mente humana, que es ingenua, crédula y está ciega a sus propias limitaciones. Tiende a ser incapaz de distinguir entre sus propias proyecciones y deseos de que algo sea real, y lo que es verdaderamente real. En el marco de esta investigación, el hallazgo clave de Hawkins es el tránsito del contenido al contexto, del punto de vista personal al punto de vista de la totalidad (el campo). Esto le permitió crear una herramienta con la que evaluar múltiples aspectosde nuestra cultura y civilización. La amplitud de los temas tratados es abrumadora: desde política y jurisprudencia hasta películas de cine o las principales religiones. Tenemos muchos motivos para sentirnos agradecidos por las contribuciones del doctor Hawkins en su empeño de elevar el nivel de conciencia de la humanidad.
**Asesinos seriales en México** Filiberto Cruz Monroy, 2022-11-01

Matan por gusto; uno de ellos podría ser tu vecino. Son los asesinos seriales. Este personaje macabro se ha popularizado en las series de televisión y las películas, pero es real. Existe y está al acecho. A veces come carne humana. Podría ser tu vecino o alguien a quien conoces y te parece una persona normal, pero que en el fondo profesa un odio inagotable. Su mente está perturbada por viejos rencores y heridas ancestrales que nunca sanaron. Ejere una violencia descomunal e implacable sobre sus víctimas. Es el asesino serial, y en México deambulan muchos por ahí. Más de los que crees. Algunos de estos criminales dicen estar poseídos por entidades sobrenaturales y otros descuantizan personas por entretenimientos. En estas reveladoras páginas, Filiberto Cruz expone su enomre talento como periodista de investigación, en un libro dedicado a los asesinos seriales mexicanos. Por aquí figuran caníbales que se creían poetas, expertos en artes marciales que mataban por diversión, vendedores de fierro viejo que alimentaban con carne humana a sus mascotaas, violadores carniceros y otras mentes trastornadas. Aquí se detallan como nunca antes las motivaciones, el modus operandi y la oscura mente de la Matataxistas, el Carnicero de Atizapán, el Comecorazones, el Coqueto, el Caníbal de la Guerrero, la Mataviejitas, los monstruos de Ecatepec y muchos otros espeluznantes asesinos en serie a lo largo de México, desde Ciudad Juárez hasta Mérida, y desde los años ochenta hasta nuestros días dominados por las redes sociales. El impecable ejercicio periodístico de Filiberto Cruz no revictimiza a las infortunadas personas que cayeron en las garras de estos inhumanos criminales, y tampoco hace gala de una pasión oscura. Su intención es arrojar luz para comprender cómo, dónde y por qué han matado los asesinos seriales más conocidos en nuestro país.

*The Image Empire* Erik Barnouw, 1970-11-15

During the iQSo’s, in a frontier atmosphere of enterprise and sharp struggle, an American television system took shape. But even as it did so, its pioneers pushed beyond American borders and became programmers to scores of other nations. In its first decade United States television was already a world phenomenon. Since American radio had for some time had international ramifications, American images and sounds were radiating from transmitter towers throughout the globe. They were called entertainment or news or education but were always more. They were a reflection of a growing United States involvement in the lives of other nations an involvement of imperial scope. The role of broadcasters in this American expansion and in the era that produced it is the subject matter of *The Image Empire*, the last of three volumes comprising this study.

**TV Guide**, 1989

*Psicópatas seriales* Rodrigo Dresdner Cid, 1989-11-15

La psicopatía, desórdenes o trastornos de la personalidad, fuera de no constituir una enfermedad psiquiátrica, tampoco tiene tratamiento o cura que permita modificar la conducta del psicópata. Por lo menos hasta ahora los ensayos terapéuticos diseñados no han arrojado resultados positivos ni consistentes en esa
dirección. Esto le genera un tremendo problema a la sociedad, pues ¿qué actitud puede asumir el Estado ante un psicópata asesino que cuando termina su condena y recupera la libertad, reincide en su conducta delictual y violenta? Este libro estudia los perfiles del psicópata y de los asesinos y violadores seriales, así como también los casos más emblemáticos de los asesinos seriales en Chile.

**Handbook of Research on the Future of Advertising and Brands in the New Entertainment Landscape** Miguélez-Juan, Blanca, Bonales-Daimiel, Gema, 2023-01-09 In a globalized world full of noise, brands are constantly launching messages through different channels. For the last two decades, brands, marketers, and creatives have faced the difficult task of reaching those individuals who do not want to watch or listen to what they are trying to tell them. By producing fewer ads or making them louder or more striking, more brands and communications professionals are not going to get those people to pay more attention to their messages; they will only want to avoid advertising in all media. The Handbook of Research on the Future of Advertising and Brands in the New Entertainment Landscape provides a theoretical, reflective, and empirical perspective on branded content and branded entertainment in relation to audience engagement. It reviews different cases about branded content to address the dramatic change that brands and conventional advertising are facing short term. Covering topics such as branded content measurement tools, digital entertainment culture, and government storytelling, this major reference work is an excellent resource for marketers, advertising agencies, brand managers, business leaders and managers, communications professionals, government officials, non-profit organizations, students and educators of higher education, academic libraries, researchers, and academicians.
